Quick Connect 2 SmartDock
The perfect solution for safe Handling

KTJ

For short distances and safe handling of your application directly at the container:

- Compatible with all common containers such as Rikutec, Mauser, Schütz…
- • Alternatively available for wall mounting
- • Available with 1 to 5 positions
- • Interchangeable inserts for Quick Connect 2 dispensing head, drum key, code checker…
- • Also available in electrically conductive version
- • No risk of contact thanks to full enclosure and collection bottle for the dispensing head insert
- • Nameplate for specifying your chemical
- • Completely metal-free
